			FAQ		DOE's Condition Assessment Survey Program			
Home	About CAS	CAIS Software	RPV Models	CostWorks	NETWORK	RS Means	FAQ	Links

This tab will have a list of frequently asked questions with correct answers. Some Q's that might appear are:

- Q: Can my site use CAS/CAIS?
- Q: When will CAIS be available on the Web?
- Q: Are we getting any surprises in the database for the Holidays?
- Q: What has happened to my #1 rated enhancement?
- Q: When will CostWorks be delivered for CAIS site use?
- Q: What is the schedule for updating the '05 CAIS costing data?
- Q: How should we implement CostWorks?
- Q: Is a Mission Essential or Mission Critical field going to be added to CAIS even if FIMS doesn't have one?
- Q: Who is going to define this Mission Essential field?
- Q: Will the RPV costs always be calculated in FIMS? Can CostWorks include a RPV calculator under the Tools menu so that we can estimate RPV to compare with the existing FIMS RPV.
- Q: When will the real time/electronic data transfer between CAIS and FIMS be ready?
- Q: When will RSIS update the ancient CAS/CAIS Web page?
- Q: My condition assessment contractor wants a copy of DOE CostWorks. What shall I do? They keep giving me very nice ballpoint pens.

What other questions does the NETWORK have?
We will try and arrange them by subject.
